

Acton Square, London

Case Study

Contractor: **Skanska UK**
Architect: **East Architects**

Materials supplied:
Blue Grey Granite Paving, Black Basalt Setts,
Bespoke Granite Benches

Acton Square has been completely rejuvenated by this well thought out scheme.

Large element size flamed blue grey granite paving covers most of this undulating area cleverly broken up by narrow bands of specially cut and individually shaped black basalt setts.

The central feature comprises of 2 multi section polished and flamed granite benches their angular shaped design adding a special finishing touch to the overall look of the finished project.

Winner: London Planning Award 2006
